

MATERIAL SAFETY DATA SHEET

Date of Issue: 14/01/2008

STATEMENT OF HAZARDOUS NATURE

Not classified as hazardous according to criteria of Work safe Australia.

COMPANY DETAILS

Company Jaegar Australia
Address: 2/9 Tower Crt, Noble Pk 3174
Telephone: (03) 9769-1788
Fax: (03) 9769-0655
Emergency Telephone: 0408 347 425

IDENTIFICATION

PRODUCT NAME: Skinguard Barrier Creme

Other Names:

Manufacturer's Code: BC-100

Un No: N/A

Dangerous Goods Class

& Subsidiary Risk: N/A

Packaging Group: N/A

Hazchem Code: N/A

Poisons Schedule: N/A

Use: A barrier crème to protect skin (particularly the hands) that is subjected to repeated contact with detergents and some other chemicals. To be applied frequently. Particularly recommended for use in the cleaning industry

PHYSICAL DESCRIPTION/PROPERTIES

Appearance: White Pearl Viscous Liquid

Melting Point: N/A

Vapour Pressure: N/A

Specific Gravity: N/A

Flash Point: N/A

Flammability Limits: N/A

Solubility in water: N/A

Other Properties:

Corrosiveness: Not considered corrosive to metals.

PH (1% solution): Not available

INGREDIENTS

Chemical name and CAS No as defined by the NOHSC Code 1008 list all hazardous substances. Other ingredients which are determined to be non-hazardous are listed by generic name or as "other ingredients determined not to be hazardous".

CHEMICAL NAME	CAS NO	PROPORTION
Polydimethylsiloxane		>5%
Emulsifier		<5%
Humectant		<5%
Thickening Agent		<5%
Organic		<5%
Preservative		<5%

HEALTH HAZARD INFORMATION

Health Effects

Acute:

SWALLOWED: This product has not been evaluated for potential symptomatic effects. However all compounds used in this product are well documented and have a long and trouble free history for individual use. The chronically toxic nature of the product is low considering the inherent low toxicity

of the main active component and its concentration.

EYE: May cause temporary eye discomfort.

SKIN: Prolonged contact may lead to hypersensitivity in some people.

INHALED: Not applicable.

FIRST AID

SWALLOWED: Immediately contact a doctor or Poisons Information Centre. Give patient plenty of milk to drink. Do NOT induce vomiting.

EYE: Remove contact lenses if worn. Wash eyes with water for at least 15 minutes. Seek medical attention if irritation persists.

SKIN: Remove all contaminated clothing and footwear. Wash skin thoroughly with water. If reaction is experienced, discontinue use. Seek medical attention if irritation persists.

INHALED: Not applicable.

PRECAUTIONS FOR USE

EXPOSURE: Avoid contact with eyes and do not ingest.

ENGINEERING CONTROLS: Not applicable.

PERSONAL PROTECTION: Not applicable.

FLAMMABILITY: Not flammable or combustible

SAFE HANDLING INFORMATION

Storage and Transport: Non hazardous. Low temperatures may cause an increase in viscosity

Spills and Disposal: Soak up spillage with absorbent material. Transfer into plastic lined waste containers. Contact local authorities with regard to correct disposal. Flush away residue using detergent and copious amounts of water

Fire/Explosion Hazard: None.

OTHER INFORMATION:

The Peak Limitation quoted above is the Work safe Adopted National Exposure Standard for the maximum or peak airborne concentration over the shortest analytically practicable period of time, which does not exceed 15 minutes.

This MSDS is valid for five years from date of issue but readers should contact Jaegar Australia to ensure that this is the latest issue. As per the Work safe Guidance Note NOHSC 3017, each user should review the information in the specific context of the intended application.
