

MATERIAL SAFETY DATA SHEET

Date of Issue: 14/01/2008

STATEMENT OF HAZARDOUS NATURE

Not classified as hazardous according to criteria of Work safe Australia.

COMPANY DETAILS

Company: Jaegar Australia
Address: 2/9 Tower Crt, Noble Pk 3174
Telephone: (03) 9769-1788
Fax: (03) 9769-0655
Emergency Telephone: 0408 347 425

IDENTIFICATION

PRODUCT NAME: SG Rust Preventative

Other Names:

Manufacturer's Code:

Un No: N/A

Dangerous Goods Class

& Subsidiary Risk: N/A

Hazchem Code: N/A

Poisons Schedule: N/A

Use: Temporary rust preventative. Use 10 to 15%.

PHYSICAL DESCRIPTION/PROPERTIES

Appearance: Brown Turbid Liquid

Melting Point: N/A

Vapour Pressure: N/A

Specific Gravity: 0.895 @ 15°C

Flash Point: >61°C

Flammability Limits: N/A

Solubility in water: Emulsifies.

Other Properties:

Corrosiveness: Not considered corrosive to metals.

PH (1% solution): 9.0

INGREDIENTS

Chemical name and CAS No as defined by the NOHSC Code 1008 list all hazardous substances. Other ingredients which are determined to be non-hazardous are listed by generic name or as "other ingredients determined not to be hazardous".

CHEMICAL NAME	CAS NO	PROPORTION
---------------	--------	------------

Ingredients determined not to be hazardous. 100%

HEALTH HAZARD INFORMATION

Health Effects

Acute:

SWALLOWED: Short-term exposure by ingestion is considered to be practically non-hazardous. Although may cause irritation to stomach.

EYE: May cause mild aggravation.

SKIN: May cause mild skin irritation.

INHALED: Breathing the vapour or mist at concentrations in the air that exceed the work safe exposure standard may cause respiratory irritation or discomfort, especially if material is heated.

CHRONIC: Repeated or prolonged skin contact may dry the skin. This can result in irritation and dermatitis.

FIRST AID

SWALLOWED: Rinse mouth out with water and spit out. If irritation persists, contact a doctor or Poisons Information Centre.

EYE: If contacted in the eye, hold eye open and flood with water for at least 15 minutes. If irritation persists contact a doctor or Poisons Information Centre.

SKIN: If contacted on the skin, remove all contaminated clothing and wash skin thoroughly with water and a mild soap.

INHALED: Remove patient from contaminated area into fresh air.

First Aid Facilities: Fresh water, eye wash facilities, safety shower and mild soap.

Advice to Doctor: Treat symptomatically.

PRECAUTIONS FOR USE

EXPOSURE: No exposure standard is allocated for the ingredients.

ENGINEERING CONTROLS: Not applicable.

PERSONAL PROTECTION: Avoid contact with skin and eyes. Keep out of mouth.

FLAMMABILITY: Not flammable.

SAFE HANDLING INFORMATION

Storage and Transport: This product is non-hazardous for transport but must be stored in accordance with State or Territory Regulations.

Spills and Disposal: To contain spillage, absorb on vermiculite or similar absorbing material, in properly labelled drums. Contact local authorities with regard to correct disposal. Residues may be flushed to sewer with water but prevent larger spillages from entering stormwater drains or watercourses.

Fire/Explosion Hazard: Combustible liquid C1 will burn in a fire situation.

OTHER INFORMATION:

The Peak Limitation quoted above is the Work safe Adopted National Exposure Standard for the maximum or peak airborne concentration over the shortest analytically practicable period of time, which does not exceed 15 minutes.

This MSDS is valid for five years from date of issue but readers should contact Jaegar Australia to ensure that this is the latest issue. As per the Work safe Guidance Note NOHSC 3017, each user should review the information in the specific context of the intended application.
