

CHAIN LUBRICANT 101

Cleans, Sanitizes Lubricates

CL-101

Description

Chain Lubricant CL-101 is a clear liquid readily miscible with water to produce a low foaming lubricant, sanitiser and cleaner for the use in the soft drink, brewing and other food industries.

Benefits:

- Safe on operators.
- Guarantees clean conveyor.
- Effectively reduces slat wear.
- Will operate effectively and efficiently on both normal and high-speed conveyor systems.
- Will tolerate a reasonable degree of water hardness.
- Totally soluble, will not block spray nozzles.
- High dilution rates provide low in use wastage.
- Low foaming product for more effective operation and non-interference of the optical scanners.
- Safe on all metals and plastics.
- Cleans sanitizers and lubricates in one operation.

Directions for Use Apply with a dosing pump at a dilution of 1:200 to 1:500 with water.
