

# SUPER-SAN

Quat.based Foam Cleaner/Sanitiser

CS-119

**SUPER-SAN CS-119** is an amber liquid designed for the safe removal of organic soils e.g. animal fats and vegetable oils from all surfaces. **SUPER-SAN CS-119** can be used for foam cleaning of equipment such as holding tanks, filling machines, kettles, floors, walls, pipes, tables, conveyor belts and other surfaces cleaned manually.

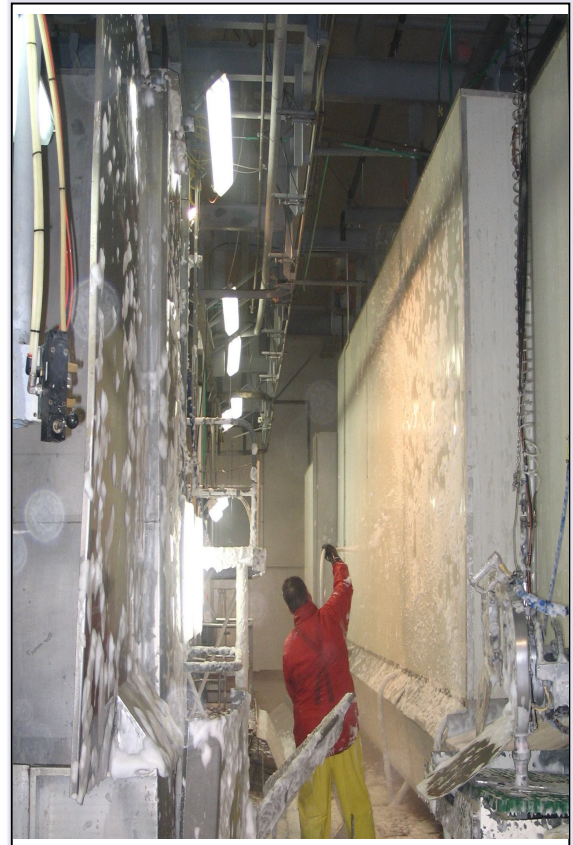

## Benefits:

1. A carefully selected blend of surfactants enables the removal of a broad range of soil types
2. Works at very low "in use" concentrations eg. 1:40-1:80 reducing cleaning costs.
3. Specially formulated to work in hard water without losing detergent efficiency.
4. Saves time and labour costs by eliminating the need to use separate cleaners and sanitizers.

## Directions for Use

**SUPER-SAN CS-119** should be used as received in foam units or diluted up to 1:7 with water. For manual application the product should be used at a concentration of 1:100 to 1:200 with water. Pack sizes available are 25 and 205 litre containers.

Protective clothing must be worn at all times.
