

Degreaser 206

Non-Caustic water miscible solvent based detergent

GP-206

Degreaser 206 is a clear blend of alkaline detergent and wetting agents combined with water soluble solvents designed to remove a wide variety of soils from hard surfaces. eg. floors, walls, cooking filters.

Benefits

- Removes grime, oil, grease, food residues and fats rapidly.
-
- Readily dilutable with water allowing it to be used over a wide range of concentrations.
-
- Specially selected solvent content facilitates the removal of even the most stubborn soils.
-
- Highly concentrated, provides excellent economics in use.
-
- Very low foaming, ideal for use in scrubbing machines.
-
- Non flammable.
-
- Very free rinsing.

Method of Use

Manual Cleaning:

Concentration – 1:10 to 1:50 with water
Temperature – to 40°C

Floor Cleaning (light soil)

Concentration – 1:10 to 1:50 with water
Temperature – hot or cold

Floor cleaning (heavy soil)

Concentration – 1:10 to 1:25 with water
Temperature – hot or cold

Low Pressure Spray

Concentration – 1:10 to 1:25 with water
