

MEDI - WASH

Anti-Bacterial Hand Cleaner for use in the food processing industry

GP-208

PRODUCT DESCRIPTION

Medi-Wash is a clear green, odourless liquid, developed by Jaegar Australia's laboratories to aid in the prevention of cross-contamination by hands in the food processing industry.

APPROVALS & QUALIFICATIONS

MEDI Wash is approved by the Department of Primary Industry as a liquid hand soap type A for use in Export Establishments under its control.

FEATURES & BENEFITS

1. Medi-Wash gently cleanses without de-fatting or drying the skin. Exhibits an emollient effect and leaves skin soft, smooth and supple.
2. Will not irritate, chap or roughen the skin even when cuts are present; will not burn, smart or irritate open cuts, bruises or sores.
3. Rinses freely; does not leave the hands feeling sticky or tacky after drying.
4. Biodegradable formula; does not contain any so-called "hard" detergents; will not pollute streams, rivers or other waterways when flushed away by rinsing.
5. Pleasant and attractive to use; copiously in hard or soft water. even very small quantities lather
6. Extremely economical in use; 1 litre of Medi Wash provides 1,000 hand washes.
7. Flows easily and freely and will not block dispensers.

APPLICATION

Medi-Wash should be provided in washrooms, killing floors, boning rooms, small goods production, natural cheese production, bottling halls and fruit and vegetable processing areas.

All personnel whose hands may come into contact with food products should be encouraged to use Medi Wash prior to entering food processing areas.

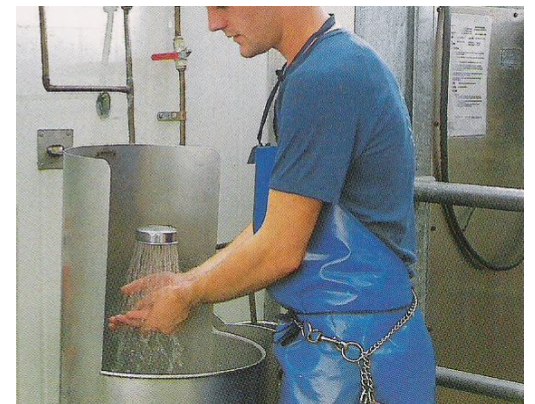

Before you walk out the door -
STOP!

**WASH YOUR HANDS
THOROUGHLY!**

Our Hygiene. Our Health.
Our Responsibility.
