

CLEAN SKIN (Potassium)

Heavy-duty potassium based C.I.P detergent.

HT-110

CLEAN SKIN (Potassium) is a blend of heavy-duty alkaline salts designed to remove all soils and hard water deposits from all surfaces.

Benefits:

1. **Sodium free**, low viscosity liquid, designed for controlled use in all in all automatic dispensing systems. Eliminating the need for messy powdered products.
2. CLEAN SKIN's Potassium based formulation aids in reducing soil salinity because potassium is readily adsorbed by plant life.
3. Accurate dispensing of the liquid minimizes the waste experienced in using powdered products.
4. Waste minimization means lower in use costs.
5. Liquid dispensing eliminates the need for operator contact with chemicals reducing the risk of injury and improving occupational health and safety.
6. CLEAN SKIN (Potassium) high alkalinity raises the pH, improving cleaning action, by emulsifying oils and allowing soils to be removed quickly from all surfaces.
6. CLEAN SKIN (Potassium) ability to rapidly wet and keep soils suspended in solution, allows the following detergents to act more efficiently in continued soil removal.
7. CLEAN SKIN (Potassium) is highly sequestered making it suitable for use in soft or hard water.

Directions for Use

CLEAN SKIN (Potassium) is used for all C.I.P cleaning, floors and equipment at 0.5 –3.0% concentration with water at 85-90°C for 10-15 minutes.

Atlas Milk Cooling Tanks

The Atlas cooling tank incorporates the latest technology in cooling, washing, controlling and measuring to meet the highest requirements of progressive milk producers.
