

# Premium

General purpose liquid detergent (Hand Dishwashing)

KD-100

**Premium** is a general purpose liquid detergent with the fragrance of green limes Clear, bright green viscous liquid with a fresh non-residual fragrance.

**Premium** is a multi-purpose concentrated synthetic detergent ideally suited to all types of hard surface cleaning. It is particularly recommended for the hand washing of dishes, cutlery and glassware where an efficient but gentle low-alkaline cleaner is required. **Premium** is foam stabilised combining excellent soil-wetting and degrading properties with good rinseability.

## BENEFITS

- Penetrates and breaks up greasy soils quickly leaving dishes, glassware and cutlery sparkling and squeaky clean.
- In addition to its hand dishwashing capabilities, **Premium** is recommended for use in the gentle but thorough cleaning of all types of hard surfaces not normally affected by water. Typical applications include floors, walls, tiles, baths, basins, laminates, paintwork, bench tops and stainless steel sinks and surfaces, cars, trucks and mobile equipment.
- Stable foam - **Premium** when mixed in hot or cold water produces a dense cohesive foam which holds released soils in suspension and ensures efficient soil removal on rinsing. When the foam flattens, this is an indication that the product is exhausted. At this point more **Premium** should be added, or better still, a fresh solution prepared.
- Gentle on hands - **Premium** does not cause irritation to normal skin.
- The fresh clean fragrance, reminiscent of green limes, leaves no after odours or taste.
- Concentrated for economical use.
- Works well in soft or hard water.
- **Premium** is a biodegradable formula and will not pollute rivers and waterways.
