

# SPOTLESS

Industrial strength concentrated liquid machine dishwashing detergent

KD-102

**Spotless** is an economical chlorinated liquid machine dishwashing detergent suitable for use in soft or hard water conditions.

## BENEFITS

- Exhibits all the benefits and all the horsepower usually associated with concentrated powders together with all the advantages of a liquid providing thoroughly clean dishes, glasses and cutlery right throughout the working day.
- Removes all soils normally encountered including those which are generally held to be very difficult or nearly impossible to remove in an automatic operation.
- Economy in use. Spotless performs a thorough and efficient job at a dilution of only 0.2% to 0.3%.
- Provides balanced alkalinity to neutralise soils of an acidic nature.
- Saponifies and emulsifies oily and greasy soils.
- Lifts soils cleanly from the surface of crockery, cutlery and glassware.
- Released soils are quickly solubilised enabling the impact of the machine spray to freely dislodge them.
- Rinses thoroughly and cleanly; does not leave spotting or streaking.
- Corrosion safe on all metals commonly used in the construction of commercial dishwashing machines.
- Reduces or eliminates foaming; foam inhibits the efficiency of the pump and cushions the impact of the spray.
- Biodegradable formula; does not contain any so-called "hard" detergents; will not pollute rivers, streams or other waterways when effluent from the machine is discharged.
- Automatically dispensed by Jaegar automatic dispensing system

**STORAGE** Store in a cool place. Do not store in direct sunlight. Keep drum securely closed with cap provided. Personnel **WARNING - THIS SUBSTANCE IS CAUSTIC. AVOID CONTACT WITH THE SKIN AND EYES.**

Product develops gas. Open cautiously especially in hot weather **IF POISONING OCCURS, CONTACT A DOCTOR OR POISONS INFORMATION CENTRE** If swallowed, do **NOT** deliberately induce vomiting. If patient is fully conscious give plenty of water or milk. Repeat if vomiting occurs. If the patient is not fully conscious give nothing by mouth.
