

Crate Wash

Heavy-duty caustic based C.I.P detergent.

KD-111

Crate Wash KD-111 is a: A blend of caustic and heavy-duty alkaline salts designed to remove all soils and hard water deposits from all surfaces.

Benefits:

1. Low viscosity liquid, designed for controlled use in all in all automatic dispensing systems. Eliminating the need for messy powdered products.
2. Accurate dispensing of the liquid minimizes the waste experienced in using powdered products.
3. Waste minimization means lower in use costs.
4. Liquid dispensing eliminates the need for operator contact with chemicals reducing the risk of injury and improving occupational health and safety.
5. Crate Wash KD-111's high alkalinity raises the pH, improving cleaning action, by emulsifying oils and allowing soils to be removed quickly from all surfaces.
6. Crate Wash KD-111's ability to rapidly wet and keep soils suspended in solution, allows the following detergents to act more efficiently in continued soil removal.
7. Crate Wash KD-111 is highly sequestered making it suitable for use in soft or hard water.

Directions for Use

Crate Wash KD-111 is used for all crate or drum washing at 0.5 –3.0% concentration with water at 85-90°C for 1-5 minutes.
