

Floor Det

Chlorinated High Foaming Detergent

KD-222

Description

An amber liquid designed for the safe removal of organic soils eg. Animal fats and vegetable oils from all surfaces.

Floor Det can be used for hand washing of equipment such as holding tanks, filling machines, kettles, floors, walls, pipes, tables, conveyor belts and other surfaces to be cleaned

Benefits:

1. A carefully selected blend of surfactants enables the removal of a broad range of soil types.
2. Works at very low "in use" concentrations reducing cleaning costs.
3. Specially formulated to work in hard water without losing detergent efficiency.
4. Saves time and labour costs by eliminating the need to use separate cleaners and sanitisers.
5. Safe on most soft metals.
6. Formulated to remove even the heaviest fat deposits.
7. Produces a very stable foam allowing sufficient time for complex surfactant system and high alkalinity to loosen and remove soils completely.
8. Contains 5% potassium hydroxide allowing it to emulsify fats and oils readily

Method of Use

Manual Application: Concentration: 1:40 – 1:200 with water.

Pack Size Available in 25 lt and 205 lt containers.

Protective Clothing; Aprons ,gloves and glasses must be used at all times.
