

PRE-WASH SPOTTER

Laundry break additive

LD-108

Pre-Wash Spotter LD-108 is an amber coloured liquid designed as an aid to the removal of oil and grease from cloth e.g.: workers overalls e.t.c.

BENEFITS:

1. Highly concentrated product requiring minimal use in quantities.
2. Contains a high percentage of emulsifiers and surfactants which quickly absorb and remove heavy oils and greases.
3. Product does not contain any flammable solvents allowing it to be stored safely.
4. Extremely economical in use requiring only 200ml per wash to provide excellent results.
5. Safe on all types of cloths including cotton and polyester fabrics.

Directions for Use

Introduce 200ml of **LD-108** into the break. Depending soiled condition of overalls a further 200ml can be added during the wash.

Precautions

PVC or rubber gloves and safety glasses or face shield should be worn at all times when using this product.
