

PERFOAM

Peroxy acid based Foam cleaner/Sanitiser

Perfoam is a peroxy acid based cleaner/sanitiser designed for use in Breweries, Dairies, Laundries, Meat and all Food Processing Plants

Benefits:

- Extremely effective against a wide variety of aerobic and anaerobic bacteria, spores, yeast, mould, fungi and viruses.
- Very fast acting even at ambient temperatures ideally room temperature.
- Minimal contact time required, 10 to 30 minutes depending on the degree of soiling.
- Perfoam can be applied through a foam unit at a dilution rate of 1:50 to 1:100 making it extremely cost effective.
- Safe on all stainless steel plant equipment. Not recommended for use on mild steel, copper or copper alloys.
- Rinses freely leaving no residual.
- Reduces BOD and COD levels in plant effluent

Directions for Use

Perfoam should be mixed 1:50 to 1:100 and foamed onto all surfaces.

Precautions

Protective clothing must be worn at all times whilst using this product.

Storage

Store in the original vented containers in a cool dry place. Do not store this product with other hazardous chemicals.
