

## CITRISAN

---

### Technical Data Sheet

- Code:** WC-116
- Description:** **CITRISAN** is a clear liquid with a mild peroxide odour. It is a low foam stabilised citric based peroxyacid.
- Application:** **CITRISAN** is a one process Citric based peroxyacid sanitiser. It has a broad spectrum sanitation action against bacteria, yeast and mould. **CITRISAN** is suitable on winery surfaces, including stainless steel, food grade plastics, glass and all wine transfer hoses.
- Directions for Use:** Using the ideal water temperature of 40-50<sup>0</sup>C, however cold water <20<sup>0</sup>C is suitable for most applications. For circulatory SIP or bath applications add **CITRISAN** to clean water at the concentration of 0.75-1.0 kg/100L of water (0.75-1.0% w/v). For single pass SIP applications add **CITRISAN** in clean water at a concentration of 1.0-1.25kg/100L of water (1.0-1.25% w/v).

- U.N. References:** UN Code: 3093  
Class: 8  
Subclass: 5.1

- Compliance:** Meets AQIS & food handling standards.

- Packaging:** 15 L (3 x 5L Bottles), 25 L & 200 L & 1000 L IBC.
